

"Orange is the New Black," Season 1, Ep. 13: Alex and Larry

INTERIOR: VISITORS ROOM IN WOMEN'S PRISON

LARRY is sitting at a table waiting for someone. LARRY stands as ALEX approaches him. He stands.

LARRY  
Alex?

ALEX  
Yea.

LARRY  
You're, uh...tall.

ALEX  
I've been told.

LARRY  
Um. Sorry, this is, uh...Had so many things planned to say to you, but now I...I'm just picturing you, uh...

ALEX  
Got you all flustered?

LARRY  
You got me pissed off. How many times do you think you can come around and fuck up Piper's life, huh? I don't know what psychic black void your little game with her fills, but you need to end it now. And stay away from her.

ALEX  
Not a problem. She's all yours, Champ. We done here?

LARRY  
Woa, woa! Woa, hold on. Suddenly, she's all mine? When you have been working her over since she got here?

ALEX  
Working her over? Are you fucking kidding me? She came to me. Dragged me into that chapel. And fucked me. Surprised me, too. She never used to be the aggressor. I guess it was a new color she was trying on. Or maybe she was bored. Ah, who knows.

LARRY

You fucked in a chapel?

ALEX

It's prison. There are aren't a whole lot of options. But I'm done. I can't survive another spin on her merry-go-round. And clearly, you're still into it, so...enjoy the ride.

LARRY

Fuck you. It's not a ride. We're getting married.

ALEX

Great.

(PAUSE)

So, why are you here?

LARRY

I wanted to meet you.

ALEX

Larry. My heart is with you. She's hot. She's read everything. We both know what she's like in bed. But she is fucked up. I know it. And you do, too. Or else you wouldn't be warning me to stay away. I'm not your problem.
