

"Master of None" Season 1: Ep. 10 (DEV and ARNOLD)

FADE IN: INTERIOR: DEV'S LIVING ROOM

DEV and ARNOLD are sitting in DEV'S living room.

DEV

I feel like there should be an app that, like, analyzes your tum and tells you what you wanna eat.

ARNOLD

Yea, but, if the app could do that. You're basically saying it could read your mind.

DEV

Yea, I guess.

ARNOLD

But, dude, do you think that's a good idea, man? What if it gets in the wrong hands? It could do I'm malicious shit. Think about the military. Some corporate espionage. Do you really wanna risk all that?

DEV

Yea. Think about all the pain and suffering it could end. Like right now. I want something to eat. But I don't know what.

ARNOLD

I know. I'm hungry, too. Let's eat. I'm good with whatever.

DEV

Why do people always say that? That's no help at all. I'm good with whatever basically means I bad at helping decide things.

ARNOLD

I'm trying this new thing where I live my life like water. You see, what ships pass through and what those vessels carry, I do not know.

DEV

What about tacos?

ARNOLD

Sure.

DEV

Which place should we go to?

ARNOLD

Literally any taco place.

DEV

Come on. There's so many taco places.
We gotta make sure we go to the best
one. I'll do some research.

ARNOLD

Great. I'll sit here and do nothing.
