

Jared:

Really? I wanna hear more about this wild Molly. What? Did you go to juvie? You were slanging that rock? Okay. Mm, see, I'm not mad at that. Okay, what else? Mm-hmm. Okay, um oh. I ran naked through a Best Western one time. I was so fucking high. I slept with my first boss. And she was married. Mm-hmm. Yeah. That's what they called me. When I was 20, I kind of had a sexual experience like yours. I messed around with a guy before. I mean, it was, like, a long time ago. My friend and I were at this party in New York, both super drunk. Went back to his place and then, you know, it just kind of happened. He went down on me. No, definitely not. I mean, I had never done anything like this before and I knew afterwards it wasn't for me. Like, immediately. Molly, one guy, one time.
