

INSECURE – S1: ESP.7

Molly seated outside of Issa's fundraiser alone. Issa approaches.

ISSA
Hey girl. You alright?

MOLLY
I'd be better if they stopped pouring these weak ass drinks?

ISSA
Okay what the fuck is up?

MOLLY
Nothing. I'm just over this day.

ISSA
Well it's not nothing, because you were rude as hell to Justin back there and I have to work with him. Why you trippin'?

MOLLY
Oh so I'm tripping? You over here acting like I'm raggedy and shit, telling me I need therapy when you're mess is all over the place.

ISSA
So that's why you've been pissy all night, because I vaguely suggested therapy might be good for you. Clearly I was on to something.

MOLLY
Oh for real. Like you're shit ain't all fucked up? Like I wasn't just distracting your man, right after screwing your side nigga.

ISSA
What? What? Hold up. Why are you throwing that shit in my face? I made a mistake, but at least I can see the shit that I do wrong.

MOLLY
Well what do I do wrong Issa?

ISSA
Do you really want to know?

MOLLY

Please tell me.

ISSA

Okay, have you noticed Molly the common denominator in all your “can’t find a man” bullshit is you? Yeah, let’s do a nigga rundown Molly. One minute he’s too thirsty, the next minute he’s too distant, then next he’s too gay. And then when you do find someone that you do actually like, you ruin it by doing too fucking much. You act like finding someone is supposed to be some sort of fairy tale but it’s not. You’re impossible to please.

MOLLY

I’m impossible to please? You can’t commit to anything. Did I say shit when you were complaining about your job for 5 fucking years, like you can’t change that shit? You’ve been on the fence whining about your relationship forever, but did I say a motherfucking thing about that?

ISSA

Shut up Molly, the shit that you said wasn’t even all my fault and you act like shit is black and white.

MOLLY

You fucked another man, when your man was fixing his shit for you. Bitch you don’t even deserve Lawrence.

ISSA

Are you mad that I can actually keep a nigga?

MOLLY

Fuck you Issa.
