

Jessica Jones season 1 episode 1 Trish and Jessica

Trish

You could've use the door.

Jessica

I wasn't sure you'd answer. It's important.

Trish

It must be.

Jessica

It's for a case.

Trish

Right. You became a private I.

Jessica

You've been keeping tabs on me.

Trish

Making sure you weren't dead, since you never called.

Jessica

I need money.

Trish

Wow. Uh... I don't even know what to say.

Jessica

It's important.

Trish

You said. But I don't hear from you for months, six months, actually

Jessica

I needed breathing room.

Trish

You shut me out. And now you show up here asking for money?

Jessica

This was a bad idea.

Trish

No, you talk to me. You tell me what the hell is so important.

Jessica

He's back.

Trish

It's been a year, Jess. You saw him die. You saw his death certificate. This is just your PTSD

Jessica

It's not my goddamn PTSD.

Trish

Are you still having nightmares? Flashbacks? You need to go back to that therapist.

Jessica

That quack that had me reciting street names from back home?

Trish

A proven method for managing PTS D.

Jessica

200 bucks for "birch Street, cobalt Lane, bullshit Drive."

Trish

I told you I'd pay for it.

Jessica

Jesus Christ Trish, he's back. He sent clients to me, this couple from Omaha. He took their daughter.

Trish

Why her? Is she gifted?

Jessica

A gifted athlete, maybe. Next best thing? I don't know. But remember I told you he had that one month anniversary night? And now one month from the day he took hope, he's doing...The lingerie, The gift, The restaurant.

Trish

The hotel? I'm calling the police.

Jessica

They can't help, Trish. You know what he can do.you know what he made me do.

Trish

So you're running.

Jessica

Yeah, I sure as hell am. If he gets a hold of me again... Trish.

Trish

If you leave that girl with him, and

Jessica

What would you have me do? What exactly should I do?

Trish

We'll figure out a way to protect you.

Jessica

We? He's coming for me, not you.

Trish

I know!

Jessica

You don't.

Trish

I know one thing, you are far better equipped to deal with that animal than some innocent girl from Omaha. You're still the person who tried to do something.

Jessica

Tried and failed. That's what started this. I was never the hero that you wanted me to be.

Trish

I'll get your money.
