

THE FIRST - SIDES FOR 'DREA POWERS' AND 'GINA KIPP*' (*PLEASE READ AS 'DREA')

Drea and Moore at the main flight console.

← **START**

DREA

Initial descent, angle two eight
point six-three, shield at two-one
hundred celsius, all systems go.

We start to see a flashing light on one the console.

ELECTRONIC VOICE

Rotation alert.

DREA

Angle increasing, at three-zero.
Rotation at one point seven rpm.

Through the windows we see the flares getting brighter.

DREA (O.S.) (CONT'D)

Shield at two-three hundred...

MOORE

Auto-correct not active. Auto-
correct initiate.

He punches something on the screen. A beat, then--

ELECTRONIC VOICE
Auto-correct not responding.

MOORE

Go manual.

Moore presses some icons on the main screen.

DREA

Rotation slowing. Angle constant.

MOORE

Won't budge.

DREA

Shield at two-four hundred.

ELECTRONIC VOICE

(repeating)

Heat limit...heat limit...heat
limit...

A CICADA lands directly on the console.

MOORE

(CONT'D)

What the fuck.

Drea uses the bottom of her fist to squash it.

MOORE

Goddamn cicada.

DREA

I got it.
