

Molly:

My mom, oh my gosh. She was always on me. I remember my first year in college. I wild out just to piss her off. Uh, no. That's okay. Nah. Shut up. No. I just did young, dumb shit. Like I may or may not have slept with a college professor. Oh, my no. Ugh, okay. Um alright. Also in college, I made out with a girl at a frat party. Of course you're not. Ugh, okay. Um, I did coke for like a hot second. And I also had my tongue pierced for, like a month...but wait, why am I the only one sharing? No, where's your dirt? Bring it. Um please come harder, okay> Oh, okay. Oh shit! The husky homewrecker. Wow, okay. What else you got? What you mean? Wait, you did what? Wh-what kind of happened? Oh, so you're like bi? No. Oh, like, like, how long after, though? Okay, like, but immediately when? And, like, was this, like, a one-time thing with this, like this one guy? Or was it, like, a one-time thing with other guys or? Mmhmm.
