

Revenge of the Bridesmaids

Harper

How could Rachel and Tony have mucked this up? They were perfect for each other.

Abigail

You never met them.

Harper

I'm highly intuitive. They were meant for each other. And now Tony is going to marry Caitlin and Rachel is going to have her heart broken forever. 3,000 years of watching romantic comedies and its just one big stinking lie. I mean the couple stumbles around for two hours and then miraculously 5 min. before the credits roll they realize they're meant to be together. That is not how life works my friend. Action movies have it right.

Abigail

You hate action movies

Harper

I hate them because they're right, in action movies some psychopath takes 25 sweet people hostage and he's going to kill them all. And then Bruce Willis comes in

Abigail

Or Denzel

Harper

Also good. He puts together an elite swat team of young navy seals and they go behind the enemy lines and they do what has to be done. They wipe out the henchmen, the psychopath dies in some spectacular death and the sweet people go free. That's what you need to make love work.
A ruthless swat team with guns.

Abigail

Gavin Still hasn't called yet?

Harper

NO! He went to LA for pilot season with his cute scene partner

Abigail & Harper

That he swears he's not sleeping with. Ha

Abigail

You should not date actors.

Harper

Who else do I meet?

Abigail

Oh, you met that really cute guy Henry today. And he liked you.

Harper

No. He did not like me. OK, yeah, he did like me. But he is a trap. There's like 300 of them in every hometown. Nice, regular guy, unpretentious. You go out on a date and all of a sudden you wake up 10 years later with six kids, a fat ass, and ugly pink sweatpants.

Abigail

You like him. You really, really like him.

Harper

I do not.

Abigail

What are you going to do when he calls?

Harper

He's not going to call because nice guys don't call me. Just selfish actors who screw their scene partners. And what are we going to do about Rachel?

Abigail

I say we go full-bore SWAT team and break up Kaitlin and Tony.

Harper

OK, no more wine for you.

Abigail

No, I'm serious, right? That's what will Smith or Matt Damon or any of those hot action guys would've done we sneak into the compound, we bust stuff the hell up.

Harper

What are we gonna do, disguise ourselves as German officers?

Abigail

Exactly.

Harper

All right. What the hell are you talking about?

Abigail

I'm saying, we wear the uniform of the enemy. Bridesmaids.

Harper

She already has her bridesmaids.

Abigail

OK, then two of them "have a little accident." Parker, if anyone deserves to be knocked down a couple of pegs, it's Kaitlin. Rachel had one thing she loved in life and Kaitlin took it. Are you really going to let her get away with that?

Harper

Do you really think we could take down Kaitlin? How do you think we could stop this wedding?

Abigail

We can do anything. Why? Because we are sophisticated babes from New York. Or as Miss Olivia would put it, "you girls are just a little too thinky."

Harper

All right. I'm starting to like it. Kaitlin is going down.

Abigail

Yes!

Harper

The thinky girls are back.

Abigail

yes!

Harper

To love.

Abigail

To Rachel.

Harper

To the defeat of the third Reich!
