

Shots Fired FOX-Pilot

Ashe is leaving from visiting her daughter and gets upset with Javi's (her daughter's father) girlfriend for trying to tell her what to do with her own child. She has just thrown a vase at the wall very close to Javi's girlfriend. Outside of the house...

JAVI

What the hell Ashe?

ASHE

She's a child Javi, trying to play house. Kai has a mother, remind her of that.

JAVI

By throwing a vase at her head?

ASHE

I threw it by her head

JAVI

You need to see somebody

ASHE

I am

JAVI

I'm serious

ASHE

I will

JAVI

I can't have this craziness

ASHE

You used to like crazy

JAVI

Yea, but then we had a kid

ASHE

So you go get yourself wifey material with the apron and dinner waiting for you when you get home. We both know you're bored as hell. She know what you're really like? How you like it? She know when you're with her, I'm inside your head?

JAVI

I gotta go check on my daughter (exits back to house)

ASHE

I don't understand, I don't understand

JAVI

I keep making excuses for you Ash. I can't anymore. I don't think that you're okay. I don't. I don't trust you.

ASHE

I would never hurt Kai. I would never hurt her.

JAVI

Look

ASHE

Okay. I...I, I'll get help. I'll get help. I promise.

JAVI

You've been saying that for years

ASHE

Javier

JAVI

We can't talk...we can't talk about this anymore. You better talk to my lawyer.

ASHE

Javier, she's the only thing that makes sense. Please

JAVI

Yea

ASHE

She's the only thing that makes sense

JAVI

She matters to me too
